

GrandTable POS

PART OF GRANDTABLE GROUP · DUBAI

The complete restaurant operations package

Orders, kitchen and bar, stock, HR and employee records, accounts, monthly KPIs and live profit, in one system that runs on the tablets, phones and computers you already own.

WHO IT'S FOR

Restaurants, cafés, bars and cloud kitchens

Built in Dubai for UAE venues: VAT-ready tax invoices with your TRN, AED pricing, visa and Emirates ID expiry tracking for your team, and people who understand how service really runs.

Run service from any device

Point of sale on any tablet or phone

Table list or drag-and-drop floor plan, modifiers, split bills, discounts and voids with reasons.

Kitchen and bar screens

Each item routes to Kitchen, Bar or both, with ticket timers. Any screen or tablet works.

Keeps working offline

On installed devices, staff keep taking orders and cash payments when the WiFi drops; it syncs when it's back.

Guests order from their own phones

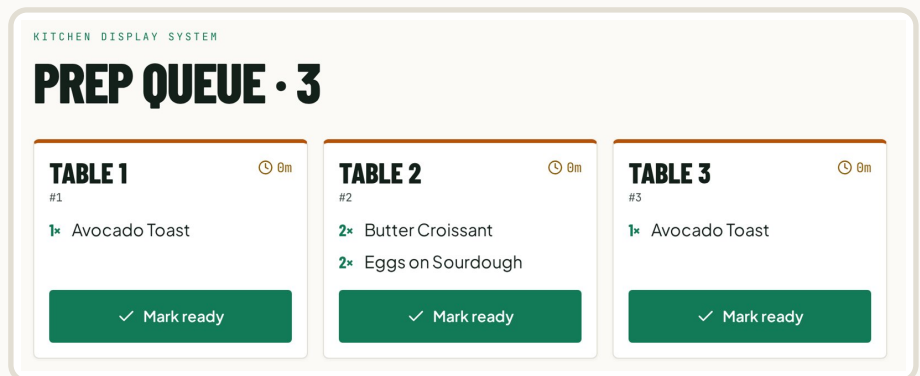

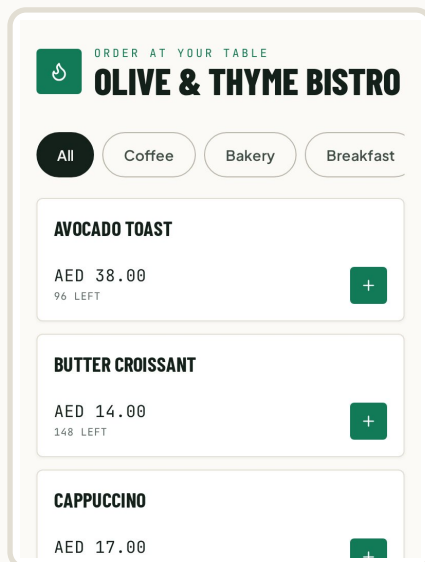

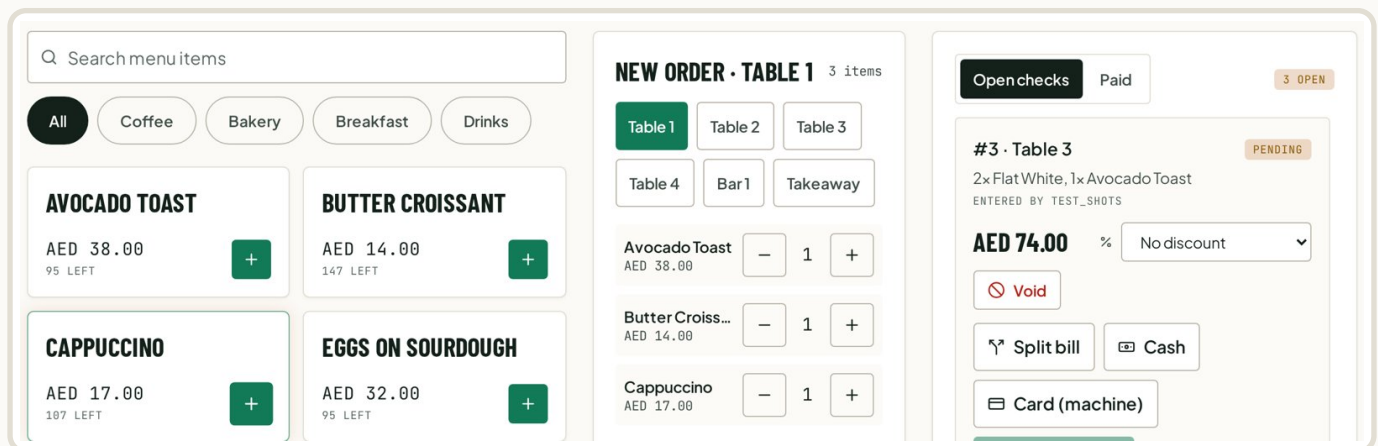

When the team is stretched, guests scan the table QR code and send orders straight to the kitchen and bar.

Payments your way

Cash with change, your own card machine, online card (Stripe) and PayPal, paid into your own accounts.

Owner view on your phone

See sales, open checks, food cost and profit live, wherever you are.

Control costs, staff and profit

Stock and recipes

Recipe costing, automatic stock deduction on every sale, low-stock alerts, supplier intake with invoice photos and daily counts.

Monthly KPI tracking

Targets for sales, food cost %, labour %, covers and spend per head; daily % of target, a monthly tally and a trend chart against last month.

A login for every department

Owner, Manager, Waiter, Bartender, Kitchen, HR and Accounts roles. Each person only sees what their job needs.

Live profit and loss

Net sales, cost of sales, expenses, petty cash and staff salaries, with PDF and Excel exports for your accountant.

Alerts and owner emails

A 7:00 AM daily report, a Monday weekly summary, a monthly PDF, and an alert when a day closes under 90% of target.

Accounts team access

Accounts staff get every financial screen: P&L, expenses, cash-up, sales, Day End reports and KPIs, with PDF and Excel exports.

DAILY % OF SALES TARGET

Green at 100% or more, amber 90–99%, red below 90%. The blue line shows labour % of sales; the faint grey line is last month's % of target on the same day.

Employee records, HR and payroll

Keep every employee in one list that only owners and your HR team can open:

Personal and job details

Name, position, phone, nationality, start and leaving dates, annual leave and notes. Your HR team gets its own login to add and edit records.

Salary history

Every salary change is saved with the date it took effect, plus the total monthly payroll.

Document expiry tracking

Visa, Emirates ID, passport, labour card and health card expiry dates, flagged 30 days before they expire.

Flows into your numbers

Salaries feed labour % in your KPIs and the P&L automatically. Export everything to CSV.

003	Croissant dough	Sample	148.00 pcs	22.50	AED 2.50	HEALTHY

GrandTable POS vs a typical POS

One system for the whole operation, instead of a POS plus add-ons, an inventory tool, HR software and spreadsheets.

What you need	GrandTable POS	Typical POS
Hardware	✓ Runs on the tablets, phones and computers you already own	Proprietary terminals often required
Pricing	✓ AED 75 per device a month, every feature included	Base plan plus paid add-ons per module
Kitchen and bar screens	✓ Included	Often a paid add-on
Guest QR ordering from phones	✓ Included	Often a separate app or extra fee
Stock and recipe costing	✓ Included, deducted on every sale	Often a separate inventory system
Live P&L with salaries	✓ Included, updates through the day	Usually exported to accounting software
Monthly KPI targets and alerts	✓ Included, with daily % of target	Rarely included
HR records with visa and Emirates ID expiry	✓ Included, flagged 30 days ahead	Separate HR software
HR and Accounts logins	✓ Included roles for every department	Limited staff roles
Works offline	✓ Orders and cash keep going without WiFi	Varies by provider
Try before you buy	✓ 7-day full demo, no card	Sales call or booked demo
Support	✓ Dubai team, 24/7 on WhatsApp	Varies, often office hours

Typical POS reflects common market offerings; features and pricing vary by provider.

PRICING

Simple pricing, no hardware

Device licence	AED 75 per device, per month
Yearly platform fee	AED 1,000 (waived in year one for the first 25 venues)
Remote set-up (optional)	AED 500 one-off
On-site set-up (optional)	AED 1,000 one-off
Full menu build and staff training (optional)	AED 2,500 one-off

Prices in AED, excluding VAT. Monthly device licences; use your own tablets, phones and computers.

GETTING STARTED

Start your 7-day demo

- 1 Sign up at grandtablepos.com**
Full access to every feature for 7 days, no card needed. Payments are recorded as cash only during the demo.
- 2 Add your menu, tables and staff**
Or book a set-up package and we do it for you.
- 3 Run a real service**
Take orders, send them to the kitchen and bar, and watch your KPIs and P&L update live.
- 4 Choose a plan on day 8**
Keep everything by subscribing. If you don't, the account pauses: your data is kept and nothing is charged automatically.
